You have made the investment and purchased a new vehicle! With our Veritas ancillary plans, we offer important protection plans that make common daily events become less of a headache!

Our ancillary plans cover damage to your tires and wheels when you encounter a road hazard, have a defect, or when you get a dent or ding on your vehicle. The plan also offers windshield repair in the event your windshield is damaged by debris and a key fob replacement program that is useful if your key fob is lost, stolen, or damaged beyond repair.

Our ancillary plans can be purchased individually or as a bundle. We also offer roadside assistance coverage as an additional benefit to help you if you are ever stranded on the side of the road.

These valuable plans provide you with additional peace of mind and help make vehicle ownership stress and worry-free. With an ancillary plan from Veritas, you have someone to call when you experience a pitfall of vehicle ownership. You also have peace of mind, as you know that we have you covered.

Protection plans may only be used in United States and Canada.

Windshield repair coverage is not available in Arizona and Kansas. Key fob replacement coverage is not available in Georgia, Maine, New Jersey, New York, or Wisconsin.
